

36th Annual Learning Symposium

Wired to Learn: Connecting Brain Science to Learning

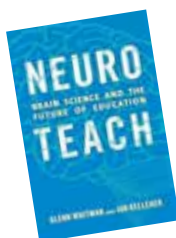

Presented by

The Winston School San Antonio

Friday, January 30, 2026 from 8:30 a.m. to 3:35 p.m.

Keynote Speaker & Celebrated Author of:

Presenting

"Bringing Brain Science to How You Teach and How Students Learn"

Glenn Whitman Family Director of the CTTL argues that effective teaching hinges on three brain-based principles: understanding neuroplasticity to foster a growth mindset in students, acknowledging the link between emotion and cognition to create a sense of belonging, and managing cognitive load to reduce distractions and improve learning.

Note: There will be **6 Breakout Sessions** following the keynote.

For more information scan QR Code or visit our website at www.winston-sa.org/symposium.

WINSTON LEARNING SERIES

Experience Dyslexia

A learning disabilities simulation

Saturday, October 18, 2025

8:30 a.m. - 12:00 p.m.

This intense, interactive workshop gives attendees a first-hand understanding of the difficulties and frustrations students with reading and language disabilities encounter.

To most, this is a powerful experience that solicits compassion, respect, and tearful emotion for anyone who faces such challenges 24 hours a day.

Teaching the Child Who Learns Differently

Led by Winston Faculty Members

Tuesday, October 28, 2025 - 6:00 p.m. - 7:00 p.m.

Winston's faculty members will present an overview of learning disabilities and specific strategies and tools that help students with learning disabilities become more successful in school.

Life After Winston

Moderated by Michelle Spoonemore

Tuesday, January 13, 2026 - 6:00 p.m. - 7:00 p.m.

A panel of Winston alumni will speak about their life experiences and the transition from Winston to college and/or their careers.
