

Advocating for minds that learn differently®

Dear Winston Community and Friends,

As Chairman of the WSSA Board, I cannot tell you how proud I am of what we accomplished during yesterday's city-wide Big Give. We reached 91% of our \$75,000 goal raising \$67,890 with 134 donors. Now get this, out of 432 organizations Winston was 11th in the amount of money raised! I never dreamed we would be able to accomplish such a task. I am so excited and can't wait to share our success with all of San Antonio and the surrounding community.

I want to thank each of you for your support of The Winston School and your dedication to its goal of success for all of our students. Dr. Chobot, Ms. Jones and the entire Winston team played an instrumental role in helping to have a very successful Big Give and I thank them from the bottom of my heart. I so love our school and am looking forward to a great year ahead and, for that matter, a great future!

Thank you,

William Carrington

Chairman of the Board of Trustees, The Winston School San Antonio
